NOTICE OF RETRACTION
for Abu-Omar AA. Prevention of postpartum hemorrhage safety and efficacy.

Reason: Extensive plagiarism

Saudi Medical Journal is retracting this article after concluding that it has been extensively plagiarized (over 90%) from a previous study by Soriano D, Dulitzki M, Schiff E, Barkai G, Mashiach S, Seidman DS, “A prospective cohort study of oxytocin plus ergometrine compared with oxytocin alone for prevention of postpartum haemorrhage”, BJOG 1996; 103: 1068-1073.

CORRECTION

In manuscript “Cerebral autosomal dominant arteriopathy with subcortical infarcts and leukoencephalopathy in Arabs” Saudi Medical Journal 2008; Vol. 29 (7): 952-956, the legend of Figure 2 should have appeared as follows: Figure 3 - Electron microscopy picture from the meningeal arteriole. There is abundant granular osmiophilic material arrowhead on the surface of the vascular smooth muscle cell or between the separated basal laminae (indicated by X).

CORRECTION

In manuscript “Nasal packing in cosmetic and functional nasal surgery” Saudi Medical Journal 2008; Vol. 29 (7): 997-997, the running title should have appeared as follows: Nasal packing in cosmetic and functional nasal surgery ... Al-Arfaj et al

CORRECTION

In manuscript “Mayer-Rokitansky-Kuster-Hauser syndrome with hyperprolactinemia” Saudi Medical Journal 2008; Vol. 29 (6): 901-903, Figure 2 should have appeared as follows:

![Figure 1](image_url) - Magnetic resonance imaging of the pelvis axial view, showing small uterus behind the bladder (arrows).
